IFERP | JULY NEWSLETTER
INSTITUTE FOR ENGINEERING RESEARCH AND PUBLICATION
Monthly Edition - 2023 Volume/Issue/Month
Volume 7/ Issue 7 Monthly July 2023

Explore Your Research Journey with IFERP

Dear (IFERP Member!),

Welcome to the July edition of the IFERP Newsletter. As we embrace the warmth of summer, our institute continues to thrive with exciting developments in research, engagement, and publication. The month's newsletter brings you a collection of international conferences, insightful webinars, impactful faculty development programs, and groundbreaking discoveries that will stimulate your intellectual curiosity.

Dive into the world of innovation as we explore cutting-edge studies that span a wide spectrum of engineering disciplines. From breakthroughs in sustainable energy solutions to the latest trends in artificial intelligence and machine learning, these articles are at the forefront of shaping the future. Join us in celebrating their dedication and hard work, which continue to elevate IFERP's reputation as a hub of intellectual excellence.

As we reflect on the progress made and the milestones achieved, we extend an encouraging yet to engage, collaborate, and make the most of the resources IFERP offers. Thank you for your ongoing support, and we hope this newsletter inspires you to explore new horizons in engineering research.

Upcoming Events

Career Development Program on "Mastering the art of cover letter and applications"
Date: 15th July 2023 | 10:00 AM - 12:00 PM
Venue: Online
REGISTER NOW

1st International Conference on Spacing Utilizing Technological Advance of Space Science, Space Technology, Astronomy, and Astrophysics (SUTAS-2023)
Date: 31st August, 2023
Venue: Bilaspur, Chhattisgarh, India
REGISTER NOW

International Conference on Arts Science, & and Humanities in Digital Era for Inclusive Society and Explorers (ICAHDIS-2023)
Date: 31st August, 2023
Venue: Taylor's University, Malaysia
REGISTER NOW

Our associates, partners, joint ventures, milestones, and successes for July 2023 are listed here

July 2023 Success Stories...

- 24 International Conferences around the globe
- 24 Events & Workshops
- 21 IFSP
- 11 Institutional Membership
- 11 Student Chapter
- 7+ Academic Partner
- 8111+ Scientific Presentations
- 337 + Publications
- 2400 + Professional Members
- 200+ Student Members
- 35 + Fraternity Members

Conferences & Scientific Events
International Conferences, July 2023

ICAESTSD - 2023 organized by IFERP was a resounding success. With its impressive turnout, engaging presentations, and the dissemination of cutting-edge research and innovative engineering papers, the conference stood as a testament to the significance of multidisciplinary collaboration. The presence of esteemed speakers and the captivating backdrop of Seoul further elevated the event, creating a memorable and enriching experience for all attendees.

Key Statistics

100+ Participants	200+ Delegates	54+ Countries	35 IEEE Research Accepted/Presented Papers	2 Keynote Speakers	50+ Reviewers

View More

ICRAEC successfully fostered a platform for knowledge exchange, collaboration, and networking among researchers, practitioners, and enthusiasts in the realm of engineering and computer applications. The 1st School of Computer Applications and IFERP's collaborative efforts resulted in a memorable and enriching event that left a significant impact on all participants.

Key Statistics

120+ Participants	215+ Delegates	100+ Reviewers	44.84% Research Accepted/Presented Papers	2 Keynote Speakers	07 Sessions

View More

ICDEIMM proved to be an exceptional gathering. Hosted by the Institute for Engineering Research and Publication (IFERP) | UAE Chapter, in collaboration with Cross University International Chartered, Argentina, South America. The diversity of perspectives and insights shared during the conference underscored the vibrant tapestry of knowledge and expertise that enriched the experience for the participants and will continue to influence the fields of education, research, information systems, and management in the coming years.

Key Statistics

140+ Participants	182+ Delegates	200+ Reviewers	54.56% Research Accepted/Presented Papers	1.5 Keynote Speakers	10+ Sessions

Conference Awards & Recognition
Best Paper Presentation Award

Grace Anne S. Cahulogan
Paper Title: AIRS-LSTM: An Enhanced Global Extinction Model on Seasonal Air Pollutants

Mhar John V. Tan
Paper Title: An Adaptive Jaccard Network with Hybrid Loss Function for Fake Review Detection in Online Marketing

Benj Zach Nakua
Paper Title: A Deep Learning Approach in Classifying Synthetic Data for Cybersecurity Intelligence

Carlo Gaviolen F. Campomanglay
Paper Title: Gamifying Business in the Metaverse: Exploring Commerce Sub Scenarios

Alain Jerald N. Buen
Paper Title: IoT Enabled Low Cost Chlorine Control System Utilizing Chlorine Dioxide for Air Decontamination

Rohaizan Daud
Paper Title: Comparing Data Mining Techniques for Student Performance Prediction in Blended Workplace & Technology Enhanced Learning

International Conferences & Academic Partner MoU signed

- Signed an Academic Partner MoU with Cross University International Chartered Argentina, South America for organizing the International Conference on Development on Education Research, Information Systems and Management (ICDEIMM) on 24th & 27th July 2023.
- Signed an Institutional Membership MoU with Universidad Nacional Hermilio Valdizan, Huanuco-Peru with Gold Package.
- Signed an Student Chapter MoU with Universidad Nacional Hermilio Valdizan, Huanuco-Peru

International Faculty Development Program

International Faculty Development Program on
SHAPE YOUR ACADEMIC INSTITUTION INTO AN "INSTITUTE OF EXCELLENCE"
Organized By
Institute For Engineering Research And Publication (IFERP)

With an impressive turnout of over 100 participants, the IFDP served as a hub of knowledge exchange and networking. Distinguished speakers and experts from academia and industry shared their valuable insights, sharing light on innovative approaches to elevate academic institutions to the pinnacle of excellence.

Discussions centered around various key areas, encompassing pedagogical innovation, research advancement, and administrative strategies. Attendees engaged in vibrant conversations, fostering a dynamic environment that nurtured the spirit of collaboration and growth.

The program's success underscores the commitment of IFERP to facilitating meaningful cooperation to implement novel approaches and drive positive changes in their respective institutions.

International Faculty Development Program on
ADVANCED PYTHON PROGRAMMING FOR ARTIFICIAL INTELLIGENCE
Organized By
Institute For Engineering Research And Publication (IFERP)

IFERP Student Chapter - CGC organized a 2 days International Faculty Development Program on "Advanced Python Programming For Artificial Intelligence" in association with CGC College of Engineering, Chandigarh. The event garnered an overwhelming response with over 150+ participants from various institutions. The program aimed to delve into the realm of advanced Python programming techniques and their applications in the realm of Artificial Intelligence. Renowned experts and educators from both industry and academia shared their insights, providing participants with valuable knowledge and practical skills.

Webinar & Events

Skill Development Program on
HOW TO BECOME A CLOUD ARCHITECT
Organized By
Institute For Engineering Research And Publication (IFERP)

With a turnout of over 100+ eager participants, the event showcased the growing interest in cloud architecture. Attendees immersed in an insightful and engaging session, delving into the intricacies of cloud architecture and its role in the modern technological landscape. The program provided a valuable platform for attendees to learn from experts, share insights, and explore the path towards becoming proficient cloud architects.

SRM INSTITUTE OF SCIENCE & TECHNOLOGY
Ramapuram Campus
COLLEGE OF SCIENCE AND HUMANITIES
DEPARTMENT OF COMPUTER APPLICATIONS (BCA)
In Association with IFERP
Organizes
THREE DAYS WORKSHOP ON CYBER SECURITY AND ETHICAL HACKING

The SRM Institute of Science & Technology, Ramapuram Campus, Department of Computer Applications (BCA) in association with IFERP (Institute for Engineering Research and Publication) an enriching three-day workshop on "Cyber Security and Ethical Hacking" from 19th to 21st May, 2023, at the esteemed TIP Auditorium. The event garnered immense enthusiasm and participation from students across various fields, fostering a dynamic environment for discussions and practical applications covered a dynamic learning environment, equipping participants with the tools and mind-set required to address the ever-growing cyber threats.

Recognition Course
https://docs.google.com/forms/d/e/1FAIpQLSfdfF-ouqb_wcC-
>Minimum of 3 sessions of PG CERTIFICATE course and Minimum of 3 sessions of Diploma in Cybersecurity (DCS) or Advanced Diploma in Cybersecurity (ADCS) or Advanced Diploma in Ethical Hacking

CERTIFICATION OF APPLICATION ON WEB
20th June - 21st July 2023

The Department of Telecommunications (DoT) joined forces with IFERP to orchestrate a thought-provoking Awareness Program conducted around the "Tik & Beyond Hackathon 2023." The Overview Program took place on July 07, 2023, from 10:00 AM to 12:00 PM. The event boasted an impressive lineup of speakers, including Mr. Pradeep Kumar, the Chief Technical Officer of Telecommunications" Hyderabad Office, and Smt Ashish Chugh, the Senior Technical Advisor, hailing from the Department of Telecommunications" Hyderabad Office. The program drew an impressive crowd with over 200 participants in attendance. This event served as a dynamic platform for fostering a deeper understanding of the evolving landscape of 5G technology and its potential implications for the future.

International Youth Empowerment Program on
SELF - AWARENESS
Organized By Institute For Engineering Research And Publication (IFERP)

The Youth Empowerment Program on "Self Awareness," hosted by IFERP on July 23th, 2023, from 3:30 PM to 5:30 PM, was an enlightening experience for all attendees. Dr. Pratima Bhattacharya, a renowned expert in the field of Self-Awareness, led the session with her wealth of knowledge and expertise on the topic. The event drew an impressive turnout, with over 45+ enthusiastic participants engaging in meaningful discussions and interactive sessions. The program effectively fostered a deeper understanding of self-awareness among the youth, turning a lasting impact on everyone who attended.
