

International Conference on Emerging Technology in **Structural Engineering**

IC-ETSE 2017

17th & 18th March, 2017 | Nagpur

The Institute For Engineer Research and Publication in collaboration KDK College of Engineering/IFERP in association with Institution of Engineers (I), Nagpur Local Centre (IEI) ,Indian Concrete Institute, Nagpur Chapter(ICI) organized International Conference on Emerging Technology in Structural Engineering (ETSE-2017). The conference took place at Nagpur, in the “Orange City” Maharashtra, India .

The theme of the conference was
“Recent Trends and challenges in Structural Engineering”.

The goal of the conference is an opportunity to research scholars, delegates and students to interact and share their experience and knowledge in technology application to excel and also to increase research culture in India and around the world.

We are indebted to the efforts of all the reviewers who undoubtedly have raised the quality of the Conference Souvenir. We are earnestly thankful to all the authors who have contributed their research works to the conference. We thank our Management for their wholehearted support and encouragement. We thank our Principal for his continuous guidance. We are also thankful for the cooperative advice from our advisory Chairs and Co-Chairs. We thank all the members of our local organizing Committee, National and International Advisory Committees.

“Conference Overview “

All Speakers highlighted the relevance of the conference topics to the current trends about
Emerging Technology in Structural Engineering
