Post Conference Report

8th ICASETM – 2025, Contributed to Following SDGs

Foreword

Dear Participants,

It gives me great pleasure to share with you the outcomes and results of the 8th ICASETM – 2025, with the theme of " Sustainable Solutions for Global Challenges: Perspectives from Applied Sciences, Engineering, Technology, and Management " which was held at Jakarta, Indonesia on 21st & 22nd August, 2025. More than 300 people attended the event in person, and more than 500 people watched the live stream online. We were able to actively engage and reach out to a wider spectrum of research communities.

The 8th International Conference on Applied Sciences, Engineering, Technology and Management (8th ICASETM – 2025), provided a vibrant platform that brings together scholars, educators, and researchers from a variety of disciplines. It is a hub for exchanging innovative research about Applied Science, Engineering, Technology, Management, Education, Internet of Things & Industry 4.0, Educational Technology and Innovation, Teaching and Learning Methodologies, Curriculum Development and Educational Policy.

We are grateful for the support of many universities and research institutes, whose contributions were vital to the success of this conference. We extend our sincere gratitude and highest respect to the professors who played an important role in the review process, providing valuable feedback and suggestions to authors to improve their work. We also extend our appreciation to the external reviewers for providing additional support in the review process and to the authors for contributing their research results to the 8th International Conference on Applied Sciences, Engineering, Technology and Management (8th ICASETM – 2025).

No. of Participants Registered	: 274
No. of Attendees	: 325

1.1 Conference Overview

8th International Conference on Applied Sciences, Engineering, Technology and Management (8th ICASETM – 2025), was the place where ideas collided and innovations take the spotlight for the contribution towards achieving Sustainable Development Goals! 8th International Conference on Applied Sciences, Engineering, Technology and Management (8th ICASETM – 2025) had long been the meeting place for professionals, educators, researchers, policymakers, and industry professionals looking to network, share ideas, and grow in their respective fields. At this Applied Sciences, Engineering, Technology and Management conference in Jakarta, Indonesia, academics, researchers, and educators were came together to share their groundbreaking research, and different views, and explore unique ideas from various fields.

Through collaboration, the conference explored intersections between various disciplines and created a dynamic environment to enhance educational discussions and explore diverse studies. This International Conference in Jakarta, Indonesia, was a part of shaping the future of global education. They continued to inspire, transform, and shape education together. Their participation was more than just an RSVP; it is an important role in our community dedicated to academic success and positive change.

1.2 Conference Theme

The theme of the 8th International Conference on Applied Sciences, Engineering, Technology and Management (8th ICASETM – 2025), “ **Sustainable Solutions for Global Challenges: Perspectives from Applied Sciences, Engineering, Technology, and Management** “ was to provide a lively space where different academic areas come together. 8th ICASETM – 2025 stands as a melting pot of ideas, where the boundaries between advances in Applied Sciences, Engineering, Technology and Management disciplines blur, giving rise to innovative solutions that address global challenges. The conference embraces the multidisciplinary nature of educational excellence driving through digital transformation, recognizing that true breakthroughs often occur at the intersections of different fields.

This theme encapsulates the conference's focus on fostering innovation and collaboration across diverse disciplines within Applied Sciences, Engineering, Technology and Management. It encourages participants to explore and present cutting-edge solutions that contribute to the sustainable development of industries, addressing challenges and advancing knowledge for a better future. The multidisciplinary perspective highlights the interconnectedness of various fields in creating holistic and impactful solutions.

1.3 Objectives & Scope of the Conference

The 8th International Conference on Applied Sciences, Engineering, Technology, and Management (8th ICASETM – 2025) aims to provide a platform for researchers, scholars, engineers, and practitioners to share their latest advancements and innovations in the fields of applied sciences, engineering, technology, and management. The conference will focus on promoting multidisciplinary research and collaboration, and it will address the challenges and emerging trends in these disciplines.

Key objectives include:

- **Knowledge Sharing:** To facilitate the exchange of knowledge, experiences, and research findings among experts from different domains.
- **Innovation and Research:** To showcase the latest research, developments, and innovations in applied sciences, engineering, technology, and management, with a particular emphasis on their practical applications.
- **Collaboration and Networking:** To foster collaboration and networking opportunities for researchers, industry professionals, and academics to discuss and explore potential collaborations for future research and development.
- **Addressing Global Challenges:** To provide insights into how technological advancements and research can help address pressing global challenges, such as sustainability, climate change, and digital transformation.

8th ICASETM – 2025 transcends traditional boundaries, providing a platform for comprehensive exploration across a multitude of disciplines. The conference encompasses a wide scope that includes, but is not limited to:

- **Applied Sciences:** New findings in physics, chemistry, biology, and environmental sciences, with a focus on practical applications.
- **Engineering:** Innovations in civil, mechanical, electrical, and computer engineering, and their application to real-world challenges.
- **Technology:** Advancements in information technology, artificial intelligence, machine learning, data science, and cybersecurity.
- **Management:** Contemporary issues in business, project management, supply chain management, and technology management.
- **Interdisciplinary Research:** Collaborative research that bridges the gaps between engineering, science, technology, and management.

3. Welcoming & Introduction

Welcome to the 8th International Conference on Applied Sciences, Engineering, Technology and Management (8th ICASETM – 2025), where we gather the brightest minds and the most innovative ideas to inspire, educate, and connect. Before we dive into today's agenda, let's take a moment to appreciate the vibrant atmosphere here at Jakarta, Indonesia. This location has been thoughtfully chosen to provide an inspiring environment for our discussions and networking. The theme of the 8th International Conference on Applied Sciences, Engineering, Technology and Management (8th ICASETM – 2025) is “ Sustainable Solutions for Global Challenges: Perspectives from Applied Sciences, Engineering, Technology, and Management “.

Our objective is to explore new technologies in Applied Sciences, Engineering, Technology and Management. Over the next two days, we have a packed schedule with five sessions, and ten keynote presentations from industry leaders and experts. This conference would not be possible without the hard work and dedication of many individuals. We would like to extend a special thank you to our conference managers, and organizing committee members.

14. Valedictory Function

14.1 Conference - Conclusion Summary

The 8th International Conference on Applied Sciences, Engineering, Technology and Management (8th ICASETM – 2025), held on 21st & 22nd August, 2025, at Jakarta, Indonesia, organized by Baba Farid Group of Institutions, India, Vignana Bharathi Institute of Technology, India, Universitas PGRI Sumatera Barat, Indonesia and IFERP Academy – Indonesia Society brought together a diverse group of experts, practitioners, and enthusiasts from various fields. The central theme of the conference was " Sustainable Solutions for Global Challenges: Perspectives from Applied Sciences, Engineering, Technology, and Management " and it successfully fostered a collaborative environment for sharing knowledge, insights, and advancements to achieve SDGs.

Key Highlights:

The conference commenced with an inspiring Special Guest of Speech by Mr. Siddh Kumar Chhajjer, MD & Founder, Technoarete Group, who emphasized the importance of multidisciplinary conferences, collaboration and innovation, QS University World Rankings and Times Higher Education (THE) University World Rankings. Keynote Speakers highlighted the recent breakthroughs and the potential for future developments in Multidisciplinary and Current Educational Research.

Research Presentations:

Over 274 research papers were presented, covering a wide range of topics. These presentations showcased cutting-edge research and fostered lively discussions.

Networking Opportunities:

The conference facilitated numerous networking events, allowing attendees to connect with peers, potential collaborators, and industry leaders. The virtual and in-person networking sessions were particularly well-received, enhancing professional relationships and sparking new partnerships.

Achievements and Outcomes:

- Several new collaborative initiatives were announced, aiming to address global challenges. These initiatives will leverage the collective expertise and resources of participating organizations.
- Publication of Proceedings including the conference proceedings, including research papers and keynote addresses, will be published. Future Conferences: Plans for the next conference were discussed, with suggestions for topics and formats that could further enhance engagement and impact.

Closing Remarks:

In the closing session, IFERP Academy expressed its gratitude to all the participants, academic partners, sponsors, and organizers. IFERP Academy highlighted the conference's success in achieving its objectives and underscored the importance of continued collaboration and innovation. Attendees left with a sense of accomplishment and a renewed commitment to advancing in their fields.

The conference concluded on a high note, with participants energized and motivated to apply the insights gained to their respective fields. The event not only celebrated current achievements but also set a forward-looking agenda for future research and development.

15. Vote of Thanks

Dear Researchers, Academicians & Students,

As we draw to the close of this remarkable 8th International Conference on Applied Sciences, Engineering, Technology and Management (8th ICASET – 2025), it is our honor and privilege to extend a vote of thanks on behalf of the organizing committee. Today has been a day filled with insights, inspiration, and invaluable networking opportunities, and none of this would have been possible without the collective efforts of many individuals and organizations.

Firstly, we would like to express our deepest gratitude to our esteemed speakers. Your expertise, thoughtful presentations, and engaging discussions have been the highlight of this conference. You

have not only enlightened us with new knowledge but have also inspired us to think critically and creatively about the challenges and opportunities in our field.

A special thanks to our dedicated organizing committee and volunteers. Your hard work behind the scenes, meticulous planning, and tireless efforts have ensured that everything ran smoothly. Your passion and dedication are truly commendable, and this event could not have happened without you. We are also grateful to our attendees. Your active participation, thoughtful questions, and enthusiastic engagement have added great value to this conference. It is your eagerness to learn and share that makes the events like this so rewarding and worthwhile.

We would like to acknowledge the venue staff for their excellent service and hospitality, providing us with a comfortable and conducive environment for our discussions and networking.

Finally, I want to thank everyone who has contributed, in big ways and small, to the success of this conference. Whether you were a speaker, sponsor, attendee, or volunteer, your involvement has been crucial.

As we conclude, let us take with us the knowledge we have gained, the connections we have made, and the inspiration to drive forward in our respective fields. We look forward to seeing you at future conferences and continuing these valuable conversations.

16. Conference Glimpses

17. General Comments & Feedbacks

Overall Comments of the Participants:

- Organizing and Coordination of the conference was excellent and professional.
- Speakers were no doubt enriching.
- Overall, an excellent International Conference.
- The introduction of the conference program was so effective that it distracts you from the research topic
- Keynote speakers talks were worth listening.
- Issues were resolved carefully.
