Post Conference Report

ICMAEESH – 2025, Contributed to Following SDGs

Foreword

Dear Participants,

It gives me great pleasure to share with you the outcomes and results of the ICMAEESH-2025, with the theme of " Interdisciplinary Strategies for Sustainable Development: Bridging Education, Science, and Engineering " which was held at Beijing, China on 28th & 29th August, 2025. More than 200 people attended the event in person, and more than 300 people watched the live stream online. We were able to actively engage and reach out to a wider spectrum of research communities.

Mr. A. Siddth Kumar Chhajjer

MD & Founder, IFERP
Technoarete Group

The International conference on Multidisciplinary Approaches on Education, Science, Engineering, Social Science & Humanities (ICMAEESH-2025), provided a vibrant platform that brings together scholars, educators, and researchers from a variety of disciplines. It is a hub for exchanging innovative research about Innovations in Education, Advances in Science & Technology, Engineering Breakthroughs and Applications, Social Sciences and Human Development, Humanities and Creative Studies, Interdisciplinary & Multidisciplinary Approaches, Technology Enhanced Learning, Inclusive and Accessible Education, Global Citizenship & Sustainable Education, Policy and Leadership in Education.

We are grateful for the support of many universities and research institutes, whose contributions were vital to the success of this conference. We extend our sincere gratitude and highest respect to the professors who played an important role in the review process, providing valuable feedback and suggestions to authors to improve their work. We also extend our appreciation to the external reviewers for providing additional support in the review process and to the authors for contributing their research results to the International conference on Multidisciplinary Approaches on Education, Science, Engineering, Social Science & Humanities (ICMAEESH-2025)

3. Welcoming & Introduction

Welcome to the International conference on Multidisciplinary Approaches on Education, Science, Engineering, Social Science & Humanities (ICMAEESH-2025), where we gather the brightest minds and the most innovative ideas to inspire, educate, and connect. Before we dive into today's agenda, let's take a moment to appreciate the vibrant atmosphere here at Beijing, China. This location has been thoughtfully chosen to provide an inspiring environment for our discussions and networking. The theme of the International conference on Multidisciplinary Approaches on Education, Science, Engineering, Social Science & Humanities (ICMAEESH-2025) is “Interdisciplinary Strategies for Sustainable Development: Bridging Education, Science, and Engineering”.

Our objective is to explore new technologies in Education, Science, Engineering, Social Science & Humanities. Over the next two days, we have a packed schedule with three sessions, and seventeen keynote presentations from industry leaders and experts. This conference would not be possible without the hard work and dedication of many individuals. We would like to extend a special thank you to our conference managers, and organizing committee members.

13. Valedictory Function

13.1 Conference - Conclusion Summary

The International conference on Multidisciplinary Approaches on Education, Science, Engineering, Social Science & Humanities (ICMAEESH-2025), held on 28th & 29th August, 2025, at Beijing, China organized by IFERP Academy brought together a diverse group of experts, practitioners, and enthusiasts from various fields. The central theme of the conference was " Interdisciplinary Strategies for Sustainable Development: Bridging Education, Science, and Engineering " and it successfully fostered a collaborative environment for sharing knowledge, insights, and advancements to achieve SDGs.

Key Highlights:

The conference commenced with an inspiring Special Guest of Speech by Ms. Mira Ramirez, who emphasized the importance of multidisciplinary conferences, collaboration and innovation, QS University World Rankings and Times Higher Education (THE) University World Rankings. Keynote Speakers highlighted the recent breakthroughs and the potential for future developments in Multidisciplinary and Current Educational Research.

Research Presentations:

Over 124 research papers were presented, covering a wide range of topics. These presentations showcased cutting-edge research and fostered lively discussions.

Networking Opportunities:

The conference facilitated numerous networking events, allowing attendees to connect with peers, potential collaborators, and industry leaders. The virtual and in-person networking sessions were particularly well-received, enhancing professional relationships and sparking new partnerships.

Achievements and Outcomes:

- Several new collaborative initiatives were announced, aiming to address global challenges. These initiatives will leverage the collective expertise and resources of participating organizations.
- Publication of Proceedings including the conference proceedings, including research papers and keynote addresses, will be published. Future Conferences: Plans for the next conference were discussed, with suggestions for topics and formats that could further enhance engagement and impact.

Closing Remarks:

In the closing session, IFERP Academy expressed its gratitude to all the participants, academic partners, sponsors, and organizers. IFERP Academy highlighted the conference's success in

achieving its objectives and underscored the importance of continued collaboration and innovation. Attendees left with a sense of accomplishment and a renewed commitment to advancing in their fields.

The conference concluded on a high note, with participants energized and motivated to apply the insights gained to their respective fields. The event not only celebrated current achievements but also set a forward-looking agenda for future research and development.

14. Vote of Thanks

Dear Researchers, Academicians & Students,

As we draw to the close of this remarkable International conference on Multidisciplinary Approaches on Education, Science, Engineering, Social Science & Humanities (ICMAESES-2025), it is our honor and privilege to extend a vote of thanks on behalf of the organizing committee. Today has been a day filled with insights, inspiration, and invaluable networking opportunities, and none of this would have been possible without the collective efforts of many individuals and organizations.

Firstly, we would like to express our deepest gratitude to our esteemed speakers. Your expertise, thoughtful presentations, and engaging discussions have been the highlight of this conference. You have not only enlightened us with new knowledge but have also inspired us to think critically and creatively about the challenges and opportunities in our field.

A special thanks to our dedicated organizing committee and volunteers. Your hard work behind the scenes, meticulous planning, and tireless efforts have ensured that everything ran smoothly. Your passion and dedication are truly commendable, and this event could not have happened without you. We are also grateful to our attendees. Your active participation, thoughtful questions, and enthusiastic engagement have added great value to this conference. It is your eagerness to learn and share that makes the events like this so rewarding and worthwhile.

We would like to acknowledge the venue staff for their excellent service and hospitality, providing us with a comfortable and conducive environment for our discussions and networking.

Finally, I want to thank everyone who has contributed, in big ways and small, to the success of this conference. Whether you were a speaker, sponsor, attendee, or volunteer, your involvement has been crucial.

As we conclude, let us take with us the knowledge we have gained, the connections we have made, and the inspiration to drive forward in our respective fields. We look forward to seeing you at future conferences and continuing these valuable conversations.
