Post Conference Report

7th ICMCER – 2025, Contributed to Following SDGs

Foreword

Dear Participants,

It gives me great pleasure to share with you the outcomes and results of 7th ICMCER-2025, with the theme of " Transformative Learning for Sustainable Development: Insights from Multidisciplinary Research " which was held at Tokyo, Japan on 24th & 25th October, 2025. More than 150 people attended the event in person, and more than 200 people watched the live stream online. We were able to actively engage and reach out to a wider spectrum of research communities.

The 7th International Conference on Multidisciplinary and Current Educational Research (7th ICMCER-2025), provided a vibrant platform that brings together scholars, educators, and researchers from a variety of disciplines. It is a hub for exchanging innovative research about Education, Teaching, Learning & Assessment, Science, Engineering, Technology, and Mathematics, Arts, Humanities & Social Sciences, Finance Business, Management Economics and Accounting that foster critical and creative thinking, mainly in the multidisciplinary research studies and education.

We are grateful for the support of many universities and research institutes, whose contributions were vital to the success of this conference. We extend our sincere gratitude and highest respect to the professors who played an important role in the review process, providing valuable feedback and suggestions to authors to improve their work. We also extend our appreciation to the external reviewers for providing additional support in the review process and to the authors for contributing their research results to the 7th International Conference on Multidisciplinary and Current Educational Research (7th ICMCER-2025).

1.1 Conference Overview

7th International Conference on Multidisciplinary and Current Educational Research (7th ICMCER-2025), was the place where ideas collided and innovations take the spotlight for the contribution towards achieving Sustainable Development Goals! 7th International Conference on Multidisciplinary and Current Educational Research (7th ICMCER-2025) had long been the meeting place for professionals, educators, researchers, policymakers, and industry professionals looking to network, share ideas, and grow in their respective fields. At this Multidisciplinary and Current Educational Research conference in Tokyo, Japan academics, researchers, and educators were came together to share their groundbreaking research, and different views, and explore unique ideas from various fields.

Through collaboration, the conference explored intersections between various disciplines and created a dynamic environment to enhance educational discussions and explore diverse studies. This International Conference in Tokyo, Japan, was a part of shaping the future of global education. They continued to inspire, transform, and shape education together. Their participation was more than just an RSVP; it is an important role in our community dedicated to academic success and positive change.

1.2 Conference Theme

The theme of the 7th International Conference on Multidisciplinary and Current Educational Research (7th ICMCER-2025) “ **Transformative Learning for Sustainable Development: Insights from Multidisciplinary Research** “ was to provide a lively space where different academic areas come together. 7th ICMCER-2025 stands as a melting pot of ideas, where the boundaries between advances in Multidisciplinary and Current Educational Research disciplines blur, giving rise to innovative solutions that address global challenges. The conference embraces the multidisciplinary nature of educational excellence driving through digital transformation, recognizing that true breakthroughs often occur at the intersections of different fields.

This theme encapsulates the conference's focus on fostering innovation and collaboration across diverse disciplines within Multidisciplinary and Current Educational Research. It encourages participants to explore and present cutting-edge solutions that contribute to the sustainable development of industries, addressing challenges and advancing knowledge for a better future. The multidisciplinary perspective highlights the interconnectedness of various fields in creating holistic and impactful solutions.

1.3 Objectives & Scope of the Conference

The 7th International Conference on Multidisciplinary and Current Educational Research (7th ICMCER-2025) aims to bring together academics, researchers, industry professionals, and students from diverse fields to explore cutting-edge advancements and trends across Multidisciplinary and Current Educational Research.

Key objectives include:

- Facilitate a vibrant global platform for scholars, educators, researchers and practitioners to share cutting-edge work across multiple educational disciplines, thereby enhancing knowledge exchange and exposure to diverse perspectives.
- Encourage interdisciplinary and multidisciplinary collaboration—bringing together experts from education, the social sciences, STEM, arts/humanities, business and management—to explore how cross-field links can generate new insights and solutions.
- Address contemporary educational challenges by focusing on emerging trends, innovative teaching-learning approaches, digital technologies, sustainability in education, and policy implications.
- Empower participants with practical, evidence-based strategies and methodological innovations which can be translated into improved educational practices and policies globally.
- Build and strengthen international networks and partnerships among individuals and institutions to sustain ongoing research collaborations and promote the visibility and impact of work in multidisciplinary educational research.

7th ICMCER-2025 transcends traditional boundaries, providing a platform for comprehensive exploration across a multitude of disciplines. The conference encompasses a wide scope that includes, but is not limited to:

- **Educational Research & Pedagogy:** innovations in teaching and learning, curriculum design, blended/hybrid/online education, competency-based learning, inclusive education, lifelong learning.
- **Technology in Education:** the role of artificial intelligence, virtual/augmented reality, e-learning platforms, digital literacy, remote learning models, and learning analytics in educational contexts.
- **STEM Education & Research:** advances in science, technology, engineering and mathematics education, interdisciplinary STEM approaches, environmental science, remote sensing, green and renewable energy applications.

- **Arts, Humanities & Social Sciences:** interdisciplinary research in sociology, psychology, philosophy, language & literature, law, justice, media/communication, and how these intersect with education.
- **Business, Economics, Management & Accounting:** research on leadership in education, knowledge economy, digital marketing in educational settings, human resources in academia, transport/logistics education, entrepreneurship and innovation in education.
- **Sustainability, Environment & Global Challenges:** education for sustainable development, climate change awareness, green practices, and how education can respond to societal, environmental and technological challenges.
- **Research Ethics, Publication & Integrity:** ensuring rigorous research practices, ethics in academic publishing, interdisciplinary methodology standards, and promoting quality in scholarly dissemination.

14. Valedictory Function

14.1 Conference - Conclusion Summary

The 7th International Conference on Multidisciplinary and Current Educational Research (7th ICMCER-2025), held on 24th & 25th October, 2025 at Tokyo, Japan Organized by IFERP Academy brought together a diverse group of experts, practitioners, and enthusiasts from various fields. The central theme of the conference was " Transformative Learning for Sustainable Development: Insights from Multidisciplinary Research " and it successfully fostered a collaborative environment for sharing knowledge, insights, and advancements to achieve SDGs.

Key Highlights:

Keynote Speakers highlighted the recent breakthroughs and the potential for future developments in Multidisciplinary and Current Educational Research.

Research Presentations:

Over 116 research papers were presented, covering a wide range of topics. These presentations showcased cutting-edge research and fostered lively discussions.

Networking Opportunities:

The conference facilitated numerous networking events, allowing attendees to connect with peers, potential collaborators, and industry leaders. The virtual and in-person networking sessions were particularly well-received, enhancing professional relationships and sparking new partnerships.

Achievements and Outcomes:

- Several new collaborative initiatives were announced, aiming to address global challenges. These initiatives will leverage the collective expertise and resources of participating organizations.
- Publication of Proceedings including the conference proceedings, including research papers and keynote addresses, will be published. Future Conferences: Plans for the next conference were discussed, with suggestions for topics and formats that could further enhance engagement and impact.

Closing Remarks:

In the closing session, IFERP Academy expressed its gratitude to all the participants, academic partners, sponsors, and organizers. IFERP Academy highlighted the conference's success in achieving its objectives and underscored the importance of continued collaboration and innovation. Attendees left with a sense of accomplishment and a renewed commitment to advancing in their fields.

The conference concluded on a high note, with participants energized and motivated to apply the insights gained to their respective fields. The event not only celebrated current achievements but also set a forward-looking agenda for future research and development.

15. Vote of Thanks

Dear Researchers, Academicians & Students,

As we draw to the close of this remarkable 7th International Conference on Multidisciplinary and Current Educational Research (7th ICMCER-2025), it is our honor and privilege to extend a vote of thanks on behalf of the organizing committee. Today has been a day filled with insights, inspiration, and invaluable networking opportunities, and none of this would have been possible without the collective efforts of many individuals and organizations.

Firstly, we would like to express our deepest gratitude to our esteemed speakers. Your expertise, thoughtful presentations, and engaging discussions have been the highlight of this conference. You have not only enlightened us with new knowledge but have also inspired us to think critically and creatively about the challenges and opportunities in our field.

A special thanks to our dedicated organizing committee and volunteers. Your hard work behind the scenes, meticulous planning, and tireless efforts have ensured that everything ran smoothly. Your passion and dedication are truly commendable, and this event could not have happened without you.

We are also grateful to our attendees. Your active participation, thoughtful questions, and enthusiastic engagement have added great value to this conference. It is your eagerness to learn and share that makes the events like this so rewarding and worthwhile.

We would like to acknowledge the venue staff for their excellent service and hospitality, providing us with a comfortable and conducive environment for our discussions and networking.

Finally, I want to thank everyone who has contributed, in big ways and small, to the success of this conference. Whether you were a speaker, sponsor, attendee, or volunteer, your involvement has been crucial.

As we conclude, let us take with us the knowledge we have gained, the connections we have made, and the inspiration to drive forward in our respective fields. We look forward to seeing you at future conferences and continuing these valuable conversations.
