9. **Vote of Thanks**

10. **Conference Glimpses**

11. **General Comments & Feedback**

ICRILSH-2026

1. Conference Summary

Conference Name: 2nd International Conference on Recent Innovation in Life Sciences, Healthcare for Sustainable Development (ICRILSH-2026)

Date: 26th & 27th February 2026

Venue: Kuala Lumpur, Malaysia

Conference Theme: Innovative Approaches for Sustainable Global Development

Organized by Department of MCA, Francis Xavier Engineering College, India and IFERP Life Sciences – Formerly Bioleagues

No. of Organizing Committee Members: 22

No. of Editors/Reviewers:

No. of Speakers: 12

No. of Abstracts Received:

No. of Participants Registered: 41

No. of Attendees: 66

ICRILSH-2026

1.1 Conference Overview

The 2nd International Conference on Recent Innovation in Life Sciences, Healthcare for Sustainable Development (ICRILSH-2026) brings together global researchers, academicians, healthcare professionals, and industry experts to explore transformative advancements in life sciences and sustainable healthcare. Scheduled on February 26–27, 2026, in Kuala Lumpur, Malaysia, the conference focuses on the theme “Innovative Approaches for Sustainable Global Development.” It aims to foster interdisciplinary collaboration, promote cutting-edge research, and address pressing global health challenges. ICRILSH-2026 provides a dynamic platform for knowledge exchange, networking, and the development of innovative solutions that contribute to sustainable and equitable healthcare systems worldwide.

1.2 Conference Theme

The theme of the 2nd International Conference on Recent Innovation in Life Sciences, Healthcare for Sustainable Development (ICRILSH-2026), “Innovative Approaches for Sustainable Global Development,” highlights the critical role of scientific advancement in addressing global health and environmental challenges. It emphasizes the integration of cutting-edge research, sustainable healthcare practices, and interdisciplinary collaboration to improve quality of life worldwide. The conference encourages the development of innovative solutions in life sciences and healthcare that support long-term sustainability, resilience, and equitable access to health services, aligning with global efforts to build a healthier and more sustainable future.

1.3 Objectives & Scope of the Conference

The 2nd International Conference on Recent Innovation in Life Sciences, Healthcare for Sustainable Development (ICRILSH-2026) aims to advance knowledge and innovation in life sciences and healthcare by fostering global collaboration among researchers, academicians, industry professionals, and policymakers. The conference seeks to promote cutting-edge research, encourage interdisciplinary discussions, and address emerging challenges in sustainable healthcare systems.

Its scope includes exploring advancements in biotechnology, medical sciences, public health, environmental sustainability, and healthcare technologies. ICRILSH-2026 provides a platform for sharing innovative ideas,

ICRILSH-2026

best practices, and practical solutions that contribute to sustainable global development, improved healthcare delivery, and enhanced quality of life across diverse communities worldwide.

2. Welcoming & Introduction

The 2nd International Conference on Recent Innovation in Life Sciences, Healthcare for Sustainable Development (ICRILSH-2026) is a premier global forum that brings together scientists, healthcare professionals, researchers, educators, policymakers and industry leaders to explore transformative innovations in biosciences and healthcare. Building on the success of its inaugural edition, ICRILSH-2026 emphasizes cutting-edge research, sustainable practices and interdisciplinary approaches that address global health challenges and contribute to the UN Sustainable Development Goals (SDGs).

With the theme “Transformative Research and Practices in Healthcare and Biosciences”, the conference highlights the integration of scientific discovery, healthcare delivery and sustainability frameworks to create impactful solutions for the future of global health.

Invited Keynote speakers

Mrs. D. Angeline Ranjithamani
HOD
MCA Department
Francis Xavier Engineering College
India

ICRILSH-2026

Keynote speakers

Dr. Indra Wibowo
Dean
Associate Professor at School
of Life Sciences and
Technology
Institut Teknologi Bandung
Indonesia

Prof. Ts. Dr. Norli Ismail
Universiti Sains Malaysia
Malaysia

Dr. Kalirajan Arunachalam
Mulungushi University
Zambia

Keynote speakers

Dr. Md Jasim Uddin
Universiti Malaya
Malaysia

**Sr. Assoc. Prof. Dr Rohini
Karunakaran**
AIMST University
Malaysia

ICRILSH-2026

Keynote speakers

Prof. Dr. Chua Kek Heng
Department of Biomedical Science
University of Malaya
Malaysia

Assoc. Prof. Dr. Nani Draman
Universiti Sains Malaysia
Malaysia

Plenary Speakers

Prof Praveen Kumar Yellarthi
India

Prof Pallavi Yellarthi
India

ICRILSH-2026

Session Speakers

Prof. Dr. Devi N. Choesin
Institut Teknologi Bandung
Indonesia

Assoc. Prof. Dr. Shahin Salarvand
Lorestan University of Medical Sciences
Iran

Session Chairs

Dr. Arunachalam Kalirajan
Senior Lecturer
Department of Biotechnology
St. Eugene University
Zambia

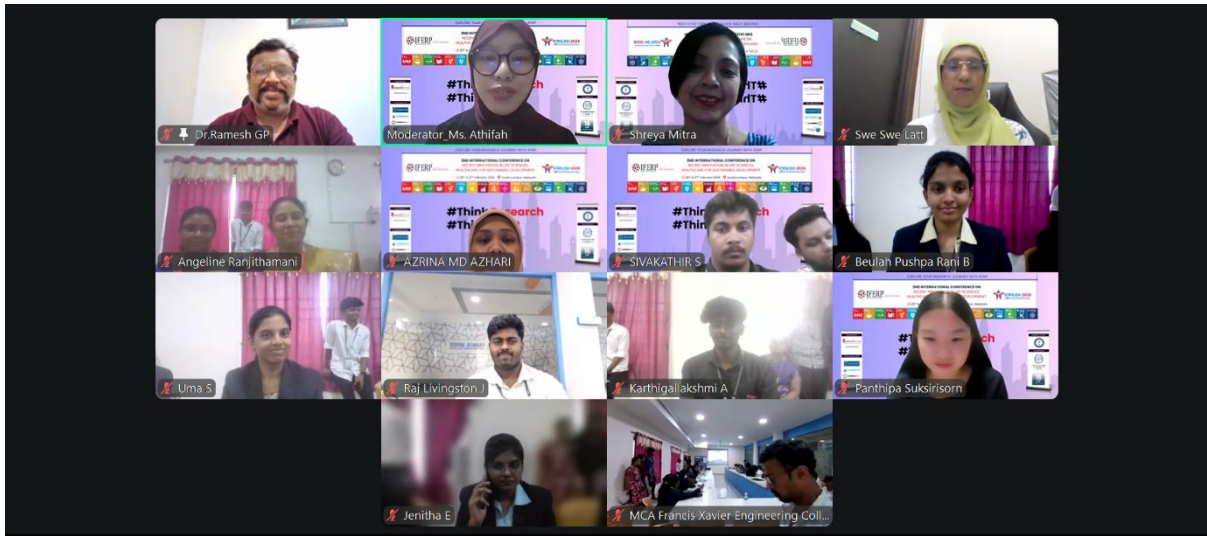

Assoc. Prof. Dr. Fahad Saleem
Associate Professor
Faculty of Pharmacy
Malaysia

Dr. Asif Nawaz,
Senior Lecturer
Faculty of Pharmacy,
Universiti Malaya,
Malaysia.

8. Best Paper Award Winners:

9. Day 1: Virtual

Paper Title: The Pandemic's Health Quarantine and The Fortified Urban Enclaves Model

Author Name: Dita Trisnawan

University Name: Universitas Indonesia

10. Day 1: Virtual

Paper Title: Agnext

Author Name: RAJ LIVINGSTON J

University Name: Francis Xavier Engineering College, India.

ICRILSH-2026

11. Day 1: Virtual

Paper Title: AI Based Sustainable Healthcare Monitoring System For Early Diseases Prediction

Author Name: SHOBANA MALATHI K

University Name: Francis Xavier Engineering College, India.

12. Day 1: Virtual

Paper Title: Effectiveness Of Birthing Ball On Labor Pain Intensity In The First Stage Of Labor

Author Name: Titik Kurniawti

University Name: Institut Karya Mulia Bangsa

13. Valedictory Function

The 2nd International Conference on Recent Innovation in Life Sciences, Healthcare for Sustainable Development (ICRILSH-2026) successfully brought together global experts to exchange knowledge, foster collaboration, and promote sustainable solutions in life sciences and healthcare.

ICRILSH-2026

Key Highlights:

Insightful keynote sessions, expert panel discussions, and interactive workshops addressing innovative approaches for global sustainability.

Research Presentations:

High-quality research papers and case studies showcasing advancements in biotechnology, healthcare systems, and public health innovations.

Networking Opportunities:

Dynamic engagement among academicians, researchers, industry professionals, and policymakers, encouraging future collaborations.

Achievements and Outcomes:

Strengthened interdisciplinary partnerships, knowledge dissemination, and identification of practical solutions for sustainable healthcare.

Closing Remarks:

The conference concluded with a shared commitment to advancing innovation and collaboration for a healthier and more sustainable global future.

14. Vote of Thanks

On behalf of the organizing committee of the 2nd International Conference on Recent Innovation in Life Sciences, Healthcare for Sustainable Development (ICRILSH-2026), we extend our heartfelt gratitude to all distinguished speakers, session chairs, researchers, and participants for their valuable contributions and active engagement.

We sincerely thank our academic partners, sponsors, and organizing team for their dedicated efforts in making this conference a grand success. Special appreciation to our delegates for their enthusiasm and knowledge sharing.

Your support and participation have made this event truly impactful. We look forward to your continued association in our future conferences. Thank you all.
