Date: 26th August 2026

Venue: Toronto, Canada

Conference Theme: Innovation Across Frontiers: Multidisciplinary Research Driving Sustainable Societies

Organized By: IFERP Academy

No. of Organizing Committee Members: 8

No. of Editors/Reviewers:

No. of Speakers: 14

No. of Abstracts Received: 50

No. of Participants Registered: 7

No. of Attendees: 6

LASMCER-2026

1.1 Conference Overview

The 4th International Conference on Latest Advancements in Science, Management, Commerce and Educational Research (LASMCER) was held on 26th August 2026 in Toronto, Canada, organized by IFERP Academy. Centered on the theme “Innovation Across Frontiers: Multidisciplinary Research Driving Sustainable Societies,” the conference brought together researchers, academicians, industry professionals, educators, and practitioners from diverse fields. LASMCER provided a dynamic platform for sharing innovative research, exchanging knowledge, and exploring emerging developments across science, management, commerce, and education. The conference emphasized interdisciplinary collaboration and practical solutions that can address global challenges and contribute to sustainable societal development.

1.2 Conference Theme

“Innovation Across Frontiers: Multidisciplinary Research Driving Sustainable Societies”

The theme highlights the importance of **multidisciplinary research, innovation, and collaboration** in addressing complex global challenges. It encourages researchers and professionals across science, management, commerce, and education to exchange ideas, develop innovative solutions, and create meaningful societal impact. The theme emphasizes connecting knowledge and technology across disciplines to support **sustainable development, inclusive growth, and resilient societies**.

1.3 Objectives & Scope of the Conference

The conference aims to provide a global platform for researchers, academicians, industry professionals, and practitioners to share innovative ideas, research findings, and emerging developments across diverse disciplines. It encourages interdisciplinary collaboration in **science, management, commerce, and educational research**, fostering knowledge exchange and meaningful professional connections. The conference focuses on exploring innovative approaches to address contemporary challenges, promote sustainable development, and strengthen the connection between research and real-world applications. Its scope includes emerging technologies, business and management practices, economic and commercial developments, educational innovations, and societal advancements. Through insightful discussions and collaborative opportunities, the conference seeks to inspire impactful research and sustainable solutions.

Vote of Thanks

On behalf of the organizing committee, I would like to extend our heartfelt gratitude to all the distinguished speakers, presenters, and participants for their valuable contributions that made this conference a great success. We sincerely thank our chief guests, session chairs, and panel members for sharing their insights and expertise. Our appreciation also goes to IFERP Academy for their continuous support and guidance in organizing this event. Special thanks to the technical team, volunteers, and sponsors for their dedicated efforts behind the scenes. Finally, we thank each and every attendee for their active participation and enthusiasm. We look forward to your continued support in future conferences.

General Comments & Feedback

Overall Comments of the Participants:

Participants generally expressed **positive feedback** about the conference, particularly highlighting its value, international exposure, networking opportunities, and learning experience.

- **Overall satisfaction was high**, with most participants rating the conference as **Excellent** and giving a score of **5/5**.
- Participants appreciated the opportunity to **interact and present before an international audience**, noting that it helped them understand different cultural perspectives and improve their communication skills.
- The conference was recognized as a **valuable platform for researchers to meet and connect with other researchers from different countries**.
- One participant specifically appreciated the opportunity for **publication**, while another highlighted the experience of meeting prominent researchers.
- Participants suggested several areas for improvement, including:
 - Sharing **conference alerts and important updates at least 2 hours in advance**.
 - Improving **technical coordination** by collecting PowerPoint presentations before the conference to reduce delays during sessions.
 - Providing **French-language support or a translation system** to make the conference more accessible to French-speaking participants.
 - Reviewing **conference timings** to improve convenience and participation.

Key Takeaway

Overall, the feedback indicates that participants found the conference **valuable, informative, and internationally enriching**. The suggestions mainly focus on **better advance communication, technical preparation, language accessibility, and time management**, which can help enhance the participant experience in future conferences.
