

**7th International Conference on Recent Trends in Multi –
Disciplinary Research
(7th ICRTMDR – 2024)**

**Organized by IFERP Academy – Turkey Society
in association with
MAHSA University, Malaysia**

Post Conference Report

7th ICRTMDR – 2024, Contributed to Following SDGs

Foreword

Dear Participants,

It gives me immense pleasure to share with you the outcomes and results of the 7th ICRTMDR – 2024, with the theme of "Connecting the Research Minds : And International Forum on Multidisciplinary research Trends " which was held at Istanbul, Turkey on 17th and 18th November, 2024. More than 260 people attended the event in person, and more than 400 people watched the live stream online. We were able to actively engage and reach out to a wider spectrum of research communities.

Mr. A. Siddth Kumar Chhajer

MD & Founder, IFERP
Technoarete Group

The 7th International Conference on Recent Trends in Multi-Disciplinary Research (ICRTMDR-2024), provided a vibrant platform that brings together scholars, educators, and researchers from a variety of disciplines. It is a hub for exchanging innovative research about education, teaching, learning & assessment, science, technology, engineering & mathematics (STEM), arts, humanities & social sciences, finance, business, management, economics & accounting, health and life sciences etc that foster critical and creative thinking, mainly in the educational research, and fostering multidisciplinary exchanges among experts in education, science, engineering & technology, social science & humanities, management and life sciences.

We are grateful for the support of many universities and research institutes, whose contributions were vital to the success of this conference. We extend our sincere gratitude and highest respect to the professors who played an important role in the review process, providing valuable feedback and suggestions to authors to improve their work. We also extend our appreciation to the external reviewers for providing additional support in the review process and to the authors for contributing their research results to the 7th International Conference on Recent Trends in Multi-Disciplinary Research (ICRTMDR- 2024)

Mr. Siddth Kumar Chhajer

MD & Founder, IFERP

1. Conference Summary

Conference Name	: 7th International Conference on Recent Trends in Multi-Disciplinary Research (7th ICRTMDR- 2024)
Date	: 17th & 18th November, 2024
Venue	: Istanbul, Turkey
Conference Theme	: Connecting the Research Minds : And International Forum on Multidisciplinary research Trends
Organized By	: MAHSA University, Malaysia and IFERP Academy - Turkey Society
No. of Organizing Committee Members	: 38
No. of Editors/Reviewers	: 22
No. of Speakers	: 15
No. of Abstracts Received	: 302
No. of Participants Registered	: 288
No. of Attendees	: 260

1.1 Conference Overview

7th International Conference on Recent Trends in Multi-Disciplinary Research (7th ICRTMDR-2024) was the place where ideas collided and innovations take the spotlight for the contribution towards achieving Sustainable Development Goals! 7th ICRTMDR- 2024 had long been the meeting place for professionals, educators, researchers, policymakers, and industry professionals looking to network, share ideas, and grow in their respective fields. At this Multi-Disciplinary Research conference in Istanbul, Turkey, professionals, academics, researchers, and educators were came together to share their groundbreaking research, and different views, and explore unique ideas from various fields.

Through collaboration, the conference explored intersections between various disciplines and created a dynamic environment to enhance educational discussions and explore diverse studies. This International Conference in Istanbul, Turkey was a part of shaping the future of global education. They continued to inspire, transform, and shape education together. Their participation was more than just an RSVP; it is an important role in our community dedicated to academic success and positive change.

1.2 Conference Theme

The theme of the 7th International Conference on Recent Trends in Multi-Disciplinary Research (7th ICRTMDR - 2024) " **Connecting the Research Minds : And International Forum on Multidisciplinary research Trends** " was to provide a lively space where different academic areas come together. 7th ICRTMDR - 2024 stands as a melting pot of ideas, where the boundaries between advances in education, science, engineering & technology, social science & humanities, management and life sciences disciplines blur, giving rise to innovative solutions that address global challenges. The conference embraces the multidisciplinary nature of educational excellence driving through recent trends in multi-disciplinary research, recognizing that true breakthroughs often occur at the intersections of different fields.

This theme encapsulates the conference's focus on fostering innovation and collaboration across diverse disciplines within education, science, engineering & technology, social science & humanities, management and life sciences. It encourages participants to explore and present cutting-edge solutions that contribute to the sustainable development of industries, addressing challenges and advancing knowledge for a better future. The multidisciplinary perspective highlights the interconnectedness of various fields in creating holistic and impactful solutions.

1.3 Objectives & Scope of the Conference

The 7th International Conference on Recent Trends in Multi-Disciplinary Research (7th ICRTMDR- 2024) aims to bring together academics, researchers, industry professionals, and students from diverse fields to explore cutting-edge advancements and trends across education, science, engineering & technology, social science & humanities, management and life sciences.

Key objectives include:

Foster Knowledge Exchange: Provide a platform for researchers, academicians, and professionals from diverse fields to share their latest findings, insights, and innovations.

Encourage Interdisciplinary Collaboration: Promote the integration of ideas across various disciplines to address complex global challenges.

Promote Emerging Trends: Highlight advancements in technology, science, education, engineering, and other sectors contributing to societal and industrial progress.

Enhance Networking Opportunities: Facilitate connections among participants to build academic and professional relationships for future collaborations.

Support Young Researchers: Offer an opportunity for early-career professionals and students to showcase their work, gain constructive feedback, and contribute to their respective fields.

7th ICRTMDR – 2024 transcends traditional boundaries, providing a platform for comprehensive exploration across a multitude of disciplines. The conference encompasses a wide scope that includes, but is not limited to:

- **Science and Technology:** Research on innovations in AI, robotics, green energy, environmental technologies, and advanced materials.
- **Education and Learning:** Exploring new pedagogical approaches, digital learning technologies, and lifelong education initiatives.
- **Social Sciences and Humanities:** Insights into cultural studies, sociology, psychology, and their role in shaping policies and societal growth.
- **Business and Economics:** Discussions on sustainable business practices, global trade dynamics, and economic resilience.
- **Healthcare and Life Sciences:** Contributions to medical advancements, public health, biotechnology, and the intersection of AI in healthcare.
- **Engineering and Infrastructure:** Breakthroughs in civil, mechanical, and electrical engineering focusing on smart cities and sustainable development.

The 7th ICRTMDR - 2024 aims to promote multidisciplinary research and collaboration to address contemporary challenges and inspire actionable solutions that contribute to the advancement of education, science, engineering & technology, social science & humanities, management and life sciences globally.

2. Guest of Honor, Keynote Speakers, Session Speakers, Event Speakers & Session Chairs

3. Welcoming & Introduction

Welcome to the 7th International Conference on Recent Trends in Multi-Disciplinary Research (7th ICRTMDR – 2024), where we gather the brightest minds and the most innovative ideas to inspire, educate, and connect. Before we dive into today's agenda, let's take a moment to appreciate the vibrant atmosphere here at Istanbul, Turkey. This location has been thoughtfully chosen to provide an inspiring environment for our discussions and networking. The theme of the 7th International Conference on Recent Trends in Multi-Disciplinary Research (7th ICRTMDR – 2024) is “Connecting the Research Minds : And International Forum on Multidisciplinary research Trends “. Our objective is to explore new technologies in education, science, engineering & technology, social science & humanities, management and life sciences, discuss emerging trends, foster collaboration, etc. Over the next two days, we have a packed schedule with eight sessions, three workshops, and fifteen keynote presentations from industry leaders and experts. This conference would not be possible without the hard work and dedication of many individuals. We would like to extend a special thank you to our conference managers, and organizing committee members.

10. Inaugural Programme

The inaugural program of the 7th International Conference on Recent Trends in Multi-Disciplinary Research (7th ICRTMDR- 2024), Istanbul, Turkey on 17th & 18th November, 2024 conference sets the tone for the entire event, providing an opportunity to introduce the theme, objectives, and key participants. The inaugural program included inaugural addresses, proceedings release, Momento ceremony & Institutional Membership Benefits etc. The inaugural program was a crucial part of the conference, serving to welcome and engage participants, set the context for discussions, and recognize the contributions of key individuals.

11. Conference Proceedings Book Release

The 7th International Conference on Recent Trends in Multi-Disciplinary Research (7th ICRTMDR- 2024) Conference proceedings was a comprehensive collection of the papers presented at the 7th ICRTMDR – 2024. The Conference Proceedings serve as a valuable record of the research and discussions that occurred during the 7th ICRTMDR – 2024 conference, providing insights into current trends, innovations, and the future direction of multidisciplinary research studies, education, science, engineering & technology, social science & humanities, management and life sciences. On behalf of the organizing committee of the 7th International Conference on Recent Trends in Multi-Disciplinary Research (7th ICRTMDR- 2024) the conference proceedings was released.

7TH INTERNATIONAL CONFERENCE

on Recent Trends in Multi-Disciplinary Research (ICRTMDR-2024)

 17th & 18th Nov 2024  Radisson Blu Hotel & Spa Istanbul, Turkey

Organized by
IFERP Academy (Turkey Society)

14.6.3 – 14.6.14 Total 14 Scientific Presentations were presented in the Technical Presentation
Session 3 B

15. Award Ceremony - Best Paper Presentation Awards

Name	Paper Title
Esra AKCA	Paper Title : Maximizing Efficiency In Invoicing: Combining RPA Technologies From Kofax and Azure Form Recognizer
Maura Pilotti	Paper Title : Predicting Success in Academic Writing
Rawiya Alansari	Paper Title : Comparative Analysis of Job Satisfaction Among General and Special Education Teachers
Thanachai Chongfuengparinya	Paper Title : Innovative Framework to Assistive Technology Development for Thai Patients with Dysarthria
Dilyara Dulatkyzy	Paper Title : Influence of Interdisciplinary Approach on the Formation of Soft Competencies of Future
Rosa Permata Sari	Paper Title : Navigating Energy Policy and Sustainability Transitions: Global Lessons and Research Insights for Indonesia's Natural Gas Future
Nerella Srinivas	Paper Title : Navigating Patent Challenges in the Age of Biologics and Biosimilars: Balancing Innovation and Accessibility

16. Valedictory Function

16.1 Conference - Conclusion Summary

The 7th International Conference on Recent Trends in Multi-Disciplinary Research (7th ICRTMDR-2024), held on 17th & 18th November, 2024, at Istanbul, Turkey, organized by MAHSA University, Malaysia, and IFERP Academy – Turkey Society brought together a diverse group of experts, practitioners, and enthusiasts from various fields. The central theme of the conference was "Connecting the Research Minds : And International Forum on Multidisciplinary research Trends" and it successfully fostered a collaborative environment for sharing knowledge, insights, and advancements to achieve SDGs.

Key Highlights:

The conference commenced with an inspiring Special Guest of Speech by Mr. Siddh Kumar Chhajer, MD & Founder, Technoarete Group, who emphasized the importance of Empowering Researchers Through Education for Sustainable Impact through the SDGs, multidisciplinary conferences, collaboration and innovation, QS University World Rankings and Times Higher Education (THE) University World Rankings. Keynote Speakers highlighted the recent breakthroughs and the potential for future developments in engineering, science & technology and multidisciplinary areas.

Research Presentations:

Over 260 research papers were presented, covering a wide range of topics. These presentations showcased cutting-edge research and fostered lively discussions.

Networking Opportunities:

The conference facilitated numerous networking events, allowing attendees to connect with peers, potential collaborators, and industry leaders. The virtual and in-person networking sessions were particularly well-received, enhancing professional relationships and sparking new partnerships.

Achievements and Outcomes:

- Several new collaborative initiatives were announced, aiming to address global challenges. These initiatives will leverage the collective expertise and resources of participating organizations.
- Publication of Proceedings including the conference proceedings, including research papers and keynote addresses, will be published. Future Conferences: Plans for the next conference were discussed, with suggestions for topics and formats that could further enhance engagement and impact.

Closing Remarks:

In the closing session, IFERP Academy expressed its gratitude to all the participants, academic partners, sponsors, and organizers. IFERP Academy highlighted the conference's success in achieving its objectives and underscored the importance of continued collaboration and innovation. Attendees left with a sense of accomplishment and a renewed commitment to advancing in their fields.

The conference concluded on a high note, with participants energized and motivated to apply the insights gained to their respective fields. The event not only celebrated current achievements but also set a forward-looking agenda for future research and development.

17. Vote of Thanks

Dear Researchers, Academicians & Students,

As we draw to the close of this remarkable 7th International Conference on Recent Trends in Multi-Disciplinary Research (7th ICRTMDR- 2024) it is our honor and privilege to extend a vote of thanks on behalf of the organizing committee. Today has been a day filled with insights, inspiration, and invaluable networking opportunities, and none of this would have been possible without the collective efforts of many individuals and organizations.

Firstly, we would like to express our deepest gratitude to our esteemed speakers. Your expertise, thoughtful presentations, and engaging discussions have been the highlight of this conference. You have not only enlightened us with new knowledge but have also inspired us to think critically and creatively about the challenges and opportunities in our field.

A special thanks to our dedicated organizing committee and volunteers. Your hard work behind the scenes, meticulous planning, and tireless efforts have ensured that everything ran smoothly. Your passion and dedication are truly commendable, and this event could not have happened without you.

We are also grateful to our attendees. Your active participation, thoughtful questions, and enthusiastic engagement have added great value to this conference. It is your eagerness to learn and share that makes the events like this so rewarding and worthwhile.

We would like to acknowledge the venue staff for their excellent service and hospitality, providing us with a comfortable and conducive environment for our discussions and networking.

Finally, I want to thank everyone who has contributed, in big ways and small, to the success of this conference. Whether you were a speaker, sponsor, attendee, or volunteer, your involvement has been crucial.

As we conclude, let us take with us the knowledge we have gained, the connections we have made, and the inspiration to drive forward in our respective fields. We look forward to seeing you at future conferences and continuing these valuable conversations.

18. Conference Glimpses

19. General Comments & Feedbacks

Overall Comments of the Participants:

- Organizing and Coordination of the conference was excellent and professional.
- Speakers were no doubt enriching.
- Overall, an excellent International Conference.
- Workshops were very interactive
- The introduction of the conference program was so effective that it distracts you from the research topic
- Keynote speakers talks were worth listening.
- Issues were resolved carefully.
