Post Conference Report

3rd ICASET – 2025, Contributed to Following SDGs

Foreword

Dear Participants,

It gives me great pleasure to share with you the outcomes and results of the 3rd ICASET-2025, with the theme of "Enabling Sustainable Development through Science, Engineering, and Technology" which was held at Chennai, India on 22nd & 23rd March, 2025. More than 300 people attended the event in person, and more than 500 people watched the live stream online. We were able to actively engage and reach out to a wider spectrum of research communities.

Mr. A. Siddth Kumar Chhajer
MD & Founder, IFERP
Technoarete Group

The 3rd International Conference on Advances in Science, Engineering & Technology (3rd ICASET-2025), provided a vibrant platform that brings together scholars, educators, and researchers from a variety of disciplines. It is a hub for exchanging innovative research about Electrical & Electronic Engineering, Computer Science & Artificial Intelligence, Computer Science & Informatics, Electronics & Communication Engineering, Mechanical & Aerospace Engineering, Civil & Environmental Engineering, Applied Science & basic sciences, Materials Science & Nanotechnology, Biotechnology & Health Sciences, Internet of Things & Industry 4.0, Quantum Computing & Advanced Technologies, Educational Technology and Innovation, Teaching and Learning Methodologies, Curriculum Development and Educational Policy.

We are grateful for the support of many universities and research institutes, whose contributions were vital to the success of this conference. We extend our sincere gratitude and highest respect to the professors who played an important role in the review process, providing valuable feedback and suggestions to authors to improve their work. We also extend our appreciation to the external reviewers for providing additional support in the review process and to the authors for contributing their research results to the 3rd International Conference on Advances in Science, Engineering & Technology (3rd ICASET-2025)

Mr. Siddth Kumar Chhajer

1. Conference Summary

Conference Name : 3rd International Conference on Advances in Science, Engineering & Technology (3rd ICASET-2025)

Date : 22nd & 23rd March, 2025

Venue : Chennai, India

Conference Theme : Enabling Sustainable Development through Science, Engineering, and Technology

Organized By : SSM College of Arts & Science, Atal Community Innovation Centre Rise (ACIC RISE) Association , Chandigarh group of colleges and IFERP Academy -Tamil Nadu society

No. of Organizing Committee Members : 48

No. of Editors/Reviewers : 28

No. of Speakers : 24

No. of Abstracts Received : 512

No. of Participants Registered : 400

No. of Attendees : 313

1.1 Conference Overview

3rd International Conference on Advances in Science, Engineering & Technology (3rd ICASET-2025) was the place where ideas collided and innovations take the spotlight for the contribution towards achieving Sustainable Development Goals! 3rd International Conference on Advances in Science, Engineering & Technology (3rd ICASET-2025) had long been the meeting place for professionals, educators, researchers, policymakers, and industry professionals looking to network, share ideas, and grow in their respective fields. At this Advances in Science, Engineering & Technology conference in Chennai, India, academics, researchers, and educators were came together to share their groundbreaking research, and different views, and explore unique ideas from various fields.

Through collaboration, the conference explored intersections between various disciplines and created a dynamic environment to enhance educational discussions and explore diverse studies. This International Conference in Chennai, India, was a part of shaping the future of global education. They continued to inspire, transform, and shape education together. Their participation was more than just an RSVP; it is an important role in our community dedicated to academic success and positive change.

1.2 Conference Theme

The theme of the 3rd International Conference on Advances in Science, Engineering & Technology (3rd ICASET-2025) “ **Enabling Sustainable Development through Science, Engineering, and Technology** “ was to provide a lively space where different academic areas come together. 3rd ICASET-2025 stands as a melting pot of ideas, where the boundaries between advances in Science, Engineering & Technology disciplines blur, giving rise to innovative solutions that address global challenges. The conference embraces the multidisciplinary nature of educational excellence driving through digital transformation, recognizing that true breakthroughs often occur at the intersections of different fields.

This theme encapsulates the conference's focus on fostering innovation and collaboration across diverse disciplines within Science, Engineering & Technology and Current Educational Research for sustainable societies. It encourages participants to explore and present cutting-edge solutions that contribute to the sustainable development of industries, addressing challenges and advancing knowledge for a better future. The multidisciplinary perspective highlights the interconnectedness of various fields in creating holistic and impactful solutions.

1.3 Objectives & Scope of the Conference

The 3rd International Conference on Advances in Science, Engineering & Technology (3rd ICASET-2025) aims to bring together academics, researchers, industry professionals, and students from diverse fields to explore cutting-edge advancements and trends across Science, Engineering & Technology.

Key objectives include:

- **Facilitate Knowledge Exchange** – Provide a platform for researchers, academicians, and industry professionals to share cutting-edge research, innovations, and technological advancements in science, engineering, and technology.
- **Promote Multidisciplinary Collaboration** – Encourage cross-disciplinary collaboration to address contemporary challenges and foster interdisciplinary solutions.
- **Showcase Emerging Technologies** – Highlight recent developments in artificial intelligence, robotics, nanotechnology, sustainable energy, and other key technological fields.
- **Support Young Researchers** – Offer opportunities for early-career researchers and students to present their findings and engage with experts in their respective domains.
- **Bridge Academia & Industry** – Strengthen partnerships between academic institutions and industries to enhance applied research and real-world implementation.
- **Address Global Challenges** – Discuss technological solutions to pressing global issues such as climate change, smart infrastructure, and digital transformation.
- **Encourage Ethical Research Practices** – Promote high standards of academic integrity, ethics, and responsible innovation in science and engineering research.

3rd ICASET – 2025 transcends traditional boundaries, providing a platform for comprehensive exploration across a multitude of disciplines. The conference encompasses a wide scope that includes, but is not limited to:

- **Engineering & Technology:** Mechanical, Civil, Electrical, Electronics, Computer Science, and Aerospace Engineering.
- **Emerging Technologies:** AI, Machine Learning, Blockchain, IoT, Cybersecurity, and Quantum Computing.
- **Sustainable Development & Green Technology:** Renewable Energy, Environmental Engineering, and Smart Cities.

- **Advanced Materials & Nanotechnology:** Material Science, Nano-engineering, and Biomaterials.
- **Biomedical & Biotechnology Innovations:** Medical Imaging, Bioinformatics, and Drug Discovery.
- **Automation & Robotics:** Intelligent Systems, Industrial Automation, and Human-Machine Interaction.
- **Data Science & Analytics:** Big Data, Cloud Computing, and Computational Intelligence.
- **Communication & Networking:** 5G, Wireless Networks, and Next-Generation Internet Technologies.
- **Space Science & Aerospace Engineering:** Satellite Technology, Space Exploration, and Avionics.

3. Welcoming & Introduction

Welcome to the 3rd International Conference on Advances in Science, Engineering & Technology (3rd ICASET-2025), where we gather the brightest minds and the most innovative ideas to inspire, educate, and connect. Before we dive into today's agenda, let's take a moment to appreciate the vibrant atmosphere here at Chennai, India. This location has been thoughtfully chosen to provide an inspiring environment for our discussions and networking. The theme of the 3rd International Conference on Advances in Science, Engineering & Technology (3rd ICASET-2025) is “ Enabling Sustainable Development through Science, Engineering, and Technology “. Our objective is to explore new technologies in Science, Engineering & Technology discussing emerging trends, foster collaboration, etc. Over the next two days, we have a packed schedule with fifteen sessions, and twenty four keynote presentations from industry leaders and experts. This conference would not be possible without the hard work and dedication of many individuals. We would like to extend a special thank you to our conference managers, and organizing committee members.

15. Valedictory Function

15.1 Conference - Conclusion Summary

The 3rd International Conference on Advances in Science, Engineering & Technology (3rd ICASET-2025), held on 22nd & 23rd March, 2025 at Chennai, India Organized by SSM College of Arts & Science, Atal Community Innovation Centre Rise (ACIC RISE) Association, Chandigarh group of colleges and IFERP Academy -Tamil Nadu society brought together a diverse group of experts, practitioners, and enthusiasts from various fields. The central theme of the conference was "Enabling Sustainable Development through Science, Engineering, and Technology" and it successfully fostered a collaborative environment for sharing knowledge, insights, and advancements to achieve SDGs.

Key Highlights:

The conference commenced with inspiring key note speeches and plenary speeches where the Keynote Speakers highlighted the recent breakthroughs and the potential for future developments in Multidisciplinary and Current Educational Research.

Research Presentations:

Over 392 research papers were presented, covering a wide range of topics. These presentations showcased cutting-edge research and fostered lively discussions.

Networking Opportunities:

The conference facilitated numerous networking events, allowing attendees to connect with peers, potential collaborators, and industry leaders. The virtual and in-person networking sessions were particularly well-received, enhancing professional relationships and sparking new partnerships.

Achievements and Outcomes:

- Several new collaborative initiatives were announced, aiming to address global challenges. These initiatives will leverage the collective expertise and resources of participating organizations.
- Publication of Proceedings including the conference proceedings, including research papers and keynote addresses, will be published. Future Conferences: Plans for the next conference were discussed, with suggestions for topics and formats that could further enhance engagement and impact.

Closing Remarks:

In the closing session, IFERP Academy expressed its gratitude to all the participants, academic partners, sponsors, and organizers. IFERP Academy highlighted the conference's success in achieving its objectives and underscored the importance of continued collaboration and innovation. Attendees left with a sense of accomplishment and a renewed commitment to advancing in their fields.

The conference concluded on a high note, with participants energized and motivated to apply the insights gained to their respective fields. The event not only celebrated current achievements but also set a forward-looking agenda for future research and development.

16. Vote of Thanks

Dear Researchers, Academicians & Students,

As we draw to the close of this remarkable 3rd International Conference on Advances in Science, Engineering & Technology (3rd ICASET-2025), it is our honor and privilege to extend a vote of thanks on behalf of the organizing committee. Today has been a day filled with insights, inspiration, and invaluable networking opportunities, and none of this would have been possible without the collective efforts of many individuals and organizations.

Firstly, we would like to express our deepest gratitude to our esteemed speakers. Your expertise, thoughtful presentations, and engaging discussions have been the highlight of this conference. You have not only enlightened us with new knowledge but have also inspired us to think critically and creatively about the challenges and opportunities in our field.

A special thanks to our dedicated organizing committee and volunteers. Your hard work behind the scenes, meticulous planning, and tireless efforts have ensured that everything ran smoothly. Your passion and dedication are truly commendable, and this event could not have happened without you.

We are also grateful to our attendees. Your active participation, thoughtful questions, and enthusiastic engagement have added great value to this conference. It is your eagerness to learn and share that makes the events like this so rewarding and worthwhile.

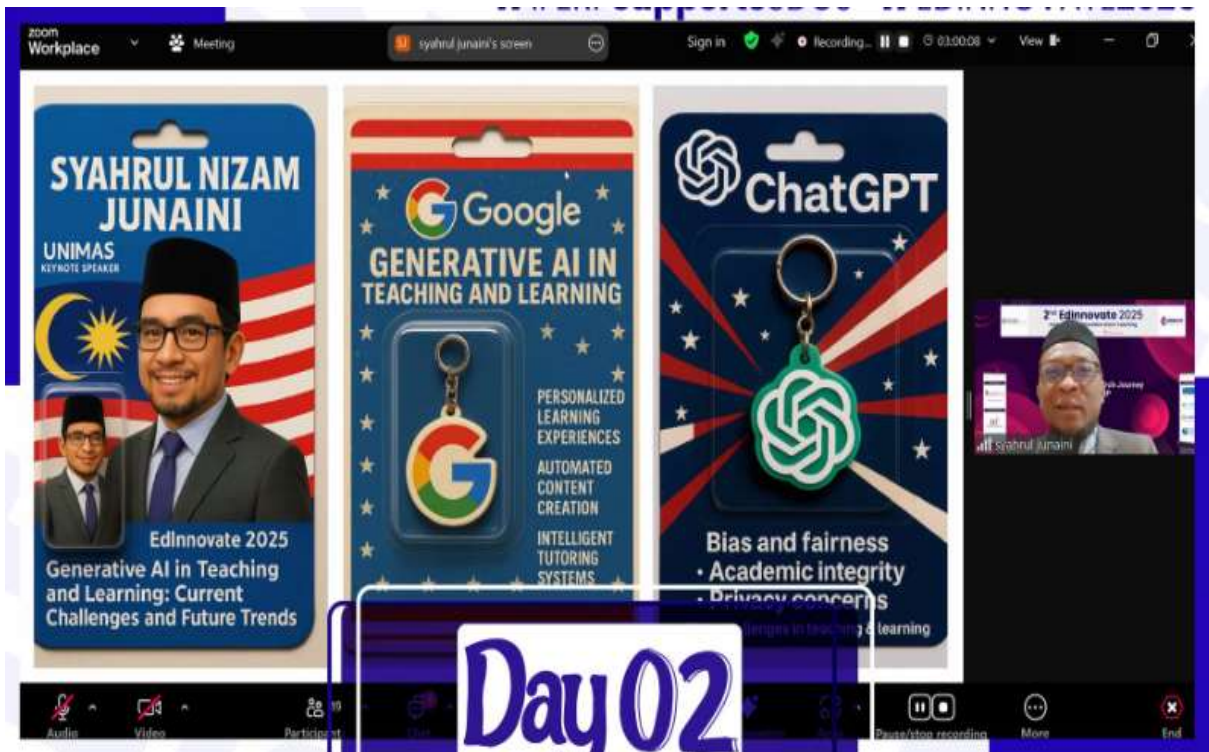

We would like to acknowledge the venue staff for their excellent service and hospitality, providing us with a comfortable and conducive environment for our discussions and networking.

Finally, I want to thank everyone who has contributed, in big ways and small, to the success of this conference. Whether you were a speaker, sponsor, attendee, or volunteer, your involvement has been crucial.

As we conclude, let us take with us the knowledge we have gained, the connections we have made, and the inspiration to drive forward in our respective fields. We look forward to seeing you at future conferences and continuing these valuable conversations.

18. General Comments & Feedbacks

Overall Comments of the Participants:

- Organizing and Coordination of the conference was excellent and professional.
- Speakers were no doubt enriching.
- Overall, an excellent International Conference.
- Workshops and Panel Discussion need to be included to make the conference very interactive
- The introduction of the conference program was so effective that it distracts you from the research topic
- Keynote speakers talks were worth listening.
- Issues were resolved carefully.
