Why IFERP is in the Philippines ?

IFERP is committed to strengthening academic excellence in the Philippines through partnerships, capacity building and knowledge exchange.

About IFERP Philippines

IFERP Philippines is a professional association, created to bridge the gap between knowledge and innovation, and deliver positive impact in various fields by upskilling researchers and empowering institutions.

IFERP Philippines maximizes every opportunity for collaboration among beneficiaries — through CPD accredited international conferences, author services (editing & proofreading) research and publication support, and encouraging university collaborations with international mobility exchange programs.

Global Community Building	Research, Innovation & Extension	Knowledge Upskilling	
Research Publication & Guidance	Developing Initiatives for Innovation	Teaching & Learning Resources	Student & Professional Support

Our Mission

Our mission is to provide seamless research solutions, collaboration opportunities, and academic services that help researchers explore, innovate, and contribute to a better future.

Fund

1 IFERP Academy

- ▶ International Conferences
- ▶ Webinars & Workshops
- ▶ 1:1 Mentorship
- ▶ International Faculty Development Programs
- ▶ International Mobility Exchange Program

International Conferences

Our CPD accredited international conferences with CPD credit hours enhance global recognition and build reputation of the host university, by creating knowledge-rich learning experiences for students.

Webinars & Workshops

Our webinars & workshops are a two-way street where listening meets doing, ensuring participants leave not just informed, but transformed.

International Faculty Development Programs

We implement orientation systems that encourage long-term faculty retention. Plus, we fine-tune their teaching tactics and keep them in the loop on the latest academic trends, inspiring fresh approaches in the classroom.

International Mobility Exchange Program

We promote international cross-cultural collaboration by connecting the host university with researchers and faculty from around the world, giving a way to knowledge exchange and innovative research.

1:1 Mentorship

University faculty and individuals seeking guidance in specific fields can benefit from our 1:1 mentorship program, where a dedicated expert provides personalized support to enhance research and achieve academic goals.

2 IFERP Author Services

- ▶ Editing and Proofreading
- ▶ Publication Support
- ▶ Citation Booster
- ▶ Research Outreach
- ▶ Translation

Editing and Proofreading

We ensure that the research makes a strong impact by refining clarity, tone, and readability. Our expert editing removes grammar errors and enhances writing quality, allowing researchers to focus on their work without language barriers.

Publication Support

From journal selection to meeting publication criteria, we assist researchers in positioning their work on the right platform for maximum reach and impact, streamlining the process effortlessly.

Citation Booster

We publish research in open-access journals, share it on academic platforms, distribute it through our mailing list, and promote it on social media, maximizing visibility, boosting citations and increasing h-index

Research Outreach

We ensure recognition and academic reach by promoting research through graphic and video abstracts, securing media coverage, and providing support for presenting work across various platforms.

Translation

Once the research gains visibility, we elevate its reach by translating the paper into multiple languages—either based on the researcher's preference or by identifying key regions where it resonates with academics.

IFERP Membership (for Researchers)

Designed for professionals, researchers, and students eager to advance their careers and engage with the global research community.
