Post Conference Report

G-SNCPH – 2025, Contributed to Following SDGs

Foreword

Dear Participants,

It gives me great pleasure to share with you the outcomes and results of G-SNCPH – 2025, with the theme of " Empowering the Future of Nursing: Bridging Research, Practice, and Innovation for Global Health Impact " which was held at Manila, Philippines on 23rd & 24th October, 2025. More than 300 people attended the event in person, and more than 500 people watched the live stream online. We were able to actively engage and reach out to a wider spectrum of research communities.

Mr. A. Siddth Kumar Chhajjer
MD & Founder, IFERP
Technoarete Group

The Global Summit on Nursing Science, Clinical Practice & Healthcare Innovation (G-SNCPH - 2025), provided a vibrant platform that brings together scholars, educators, and researchers from a variety of disciplines. It is a hub for exchanging innovative research about Innovations in Nursing Science, Clinical Practice & Healthcare Innovation in Promoting Nursing Science & Research Innovations, Clinical Practice & Advanced Nursing Roles, Healthcare Innovation & Technology, Global Health, Policy & Leadership, Mental Health, Wellness & Holistic Care, Nursing Education & Curriculum Development, Women's, Maternal & Child Health Nursing, Public Health, Preventive Care & Health Promotion Geriatric, Palliative & Long-Term Care, and Interdisciplinary Collaboration & Allied Health Sciences.

We are grateful for the support of many universities and research institutes, whose contributions were vital to the success of this conference. We extend our sincere gratitude and highest respect to the professors who played an important role in the review process, providing valuable feedback and suggestions to authors to improve their work. We also extend our appreciation to the external reviewers for providing additional support in the review process and to the authors for contributing their research results to the Global Summit on Nursing Science, Clinical Practice & Healthcare Innovation (G-SNCPH - 2025).

1.1 Conference Overview

Global Summit on Nursing Science, Clinical Practice & Healthcare Innovation (G-SNCPH - 2025), was the place where ideas collided and innovations take the spotlight for the contribution towards achieving Sustainable Development Goals! Global Summit on Nursing Science, Clinical Practice & Healthcare Innovation (G-SNCPH - 2025) had long been the meeting place for professionals, educators, researchers, policymakers, and industry professionals looking to network, share ideas, and grow in their respective fields. At this Nursing Science, Clinical Practice & Healthcare Innovation conference in Manila, Philippines, academics, researchers, and educators were came together to share their groundbreaking research, and different views, and explore unique ideas from various fields.

Through collaboration, the conference explored intersections between various disciplines and created a dynamic environment to enhance educational discussions and explore diverse studies. This Global Conference in Manila, Philippines, was a part of shaping the future of global nursing education. They continued to inspire, transform, and shape education together. Their participation was more than just an RSVP; it is an important role in our community dedicated to academic success and positive change.

1.2 Conference Theme

The theme of the Global Summit on Nursing Science, Clinical Practice & Healthcare Innovation (G-SNCPH - 2025) “ **Empowering the Future of Nursing: Bridging Research, Practice, and Innovation for Global Health Impact** “ was to provide a lively space where different academic areas come together. G-SNCPH - 2025 stands as a melting pot of ideas, where the boundaries between advances in Nursing Science, Clinical Practice & Healthcare Innovation disciplines blur, giving rise to innovative solutions that address global challenges. The conference embraces the multidisciplinary nature of nursing educational excellence driving through digital transformation, recognizing that true breakthroughs often occur at the intersections of different fields.

This theme encapsulates the conference's focus on fostering innovation and collaboration across diverse disciplines within Nursing Science, Clinical Practice & Healthcare Innovation. It encourages participants to explore and present cutting-edge solutions that contribute to the sustainable development of industries, addressing challenges and advancing knowledge for a better future. The multidisciplinary perspective highlights the interconnectedness of various fields in creating holistic and impactful solutions.

1.3 Objectives & Scope of the Conference

The Global Summit on Nursing Science, Clinical Practice & Healthcare Innovation (G-SNCPH - 2025) aims to bring together academics, researchers, industry professionals, and students from diverse fields to explore cutting-edge advancements and trends across Educational Research, Social Science and Humanities.

Key objectives include:

- **Foster Global Collaboration:** To bring together global leaders in nursing science, clinical practice, and healthcare innovation to exchange knowledge, experiences, and insights.
- **Advance Nursing Research:** To promote cutting-edge research in nursing science and clinical practice, highlighting advancements that contribute to improving patient care, clinical outcomes, and healthcare systems.
- **Innovate Clinical Practice:** To showcase the latest clinical innovations and their implementation in real-world settings, focusing on enhancing patient care quality, efficiency, and safety.
- **Discuss Healthcare Challenges:** To identify and address key challenges faced by healthcare professionals globally, including workforce shortages, healthcare disparities, and the integration of new technologies.
- **Shape Future Nursing Education:** To explore the evolving landscape of nursing education and professional development, emphasizing the role of digital tools, simulation, and interprofessional collaboration in training the next generation of nurses.
- **Promote Policy Development:** To engage policy makers, healthcare providers, and academic institutions in discussions aimed at shaping healthcare policies that support nursing excellence, clinical innovation, and patient-centered care.
- **Enhance Healthcare Delivery:** To explore strategies for improving healthcare delivery systems, focusing on interprofessional collaboration, patient engagement, and sustainable healthcare models.

G-SNCPH – 2025 transcends traditional boundaries, providing a platform for comprehensive exploration across a multitude of disciplines. The conference encompasses a wide scope that includes, but is not limited to:

- **Nursing Science:** Focus on advancing theoretical frameworks, research methodologies, and evidence-based practices in nursing science that contribute to better healthcare outcomes.

- **Clinical Practice Innovations:** Presentations and discussions on innovative clinical practices, new healthcare technologies, and interdisciplinary approaches that improve patient care, safety, and outcomes.
- **Healthcare Technologies:** Exploring the integration and implementation of emerging technologies such as artificial intelligence, telemedicine, wearable devices, and electronic health records in clinical settings.
- **Workforce Development:** Addressing the challenges and opportunities in nursing workforce management, professional development, and retention in the face of evolving healthcare demands.
- **Patient-Centered Care:** Strategies to promote patient-centered care, including the use of patient feedback, personalized medicine, and innovative care delivery models.
- **Global Health Perspectives:** Sharing global best practices and strategies for addressing healthcare challenges in diverse healthcare systems, particularly in low-resource settings.
- **Healthcare Policy and Leadership:** Discussions on the role of nursing leadership in shaping healthcare policy, advocating for healthcare reform, and promoting nursing's role in system-wide improvements.
- **Sustainability and Ethics:** Exploring ethical considerations in nursing practice and healthcare innovation, along with the sustainable development of healthcare systems and services.

3. Welcoming & Introduction

Welcome to the Global Summit on Nursing Science, Clinical Practice & Healthcare Innovation (G-SNCPH - 2025), where we gather the brightest minds and the most innovative ideas to inspire, educate, and connect. Before we dive into today's agenda, let's take a moment to appreciate the vibrant atmosphere here at Manila, Philippines. This location has been thoughtfully chosen to provide an inspiring environment for our discussions and networking. The theme of the Global Summit on Nursing Science, Clinical Practice & Healthcare Innovation (G-SNCPH - 2025) is “Empowering the Future of Nursing: Bridging Research, Practice, and Innovation for Global Health Impact”.

Our objective is to explore new technologies in Nursing Science, Clinical Practice & Healthcare Innovation. Over the next two days, we have a packed schedule with two sessions, One panel discussion, and ten keynote presentations from industry leaders and experts. This conference would not be possible without the hard work and dedication of many individuals. We would like to extend a special thank you to our conference managers, and organizing committee members.

15. Valedictory Function

15.1 Conference - Conclusion Summary

The Global Summit on Nursing Science, Clinical Practice & Healthcare Innovation (G-SNCPH - 2025), held on 23rd & 24th October, 2025, at Manila, Philippines Organized by Norxin International Science and Technology Co-operation Base, China and IFERP Life Sciences brought together a diverse group of experts, practitioners, and enthusiasts from various fields. The central theme of the conference was " Empowering the Future of Nursing: Bridging Research, Practice, and Innovation for Global Health Impact " and it successfully fostered a collaborative environment for sharing knowledge, insights, and advancements to achieve SDGs.

Key Highlights:

The conference commenced with an inspiring Special Guest of Speech by Mr. Siddth Kumar Chhajer, MD & Founder, Technoarete Group, who emphasized the importance of multidisciplinary conferences, collaboration and innovation, QS University World Rankings and Times Higher Education (THE) University World Rankings. Keynote Speakers highlighted the recent breakthroughs and the potential for future developments in Nursing Science, Clinical Practice & Healthcare Innovation.

Research Presentations:

Over 316 research papers were presented, covering a wide range of topics. These presentations showcased cutting-edge research and fostered lively discussions.

Networking Opportunities:

The conference facilitated numerous networking events, allowing attendees to connect with peers, potential collaborators, and industry leaders. The virtual and in-person networking sessions were particularly well-received, enhancing professional relationships and sparking new partnerships.

Achievements and Outcomes:

- Several new collaborative initiatives were announced, aiming to address global challenges. These initiatives will leverage the collective expertise and resources of participating organizations.
- Publication of Proceedings including the conference proceedings, including research papers and keynote addresses, will be published. Future Conferences: Plans for the next conference were discussed, with suggestions for topics and formats that could further enhance engagement and impact.

Closing Remarks:

In the closing session, IFERP Life Sciences expressed its gratitude to all the participants, academic partners, sponsors, and organizers. IFERP Life Sciences highlighted the conference's success in

achieving its objectives and underscored the importance of continued collaboration and innovation. Attendees left with a sense of accomplishment and a renewed commitment to advancing in their fields.

The conference concluded on a high note, with participants energized and motivated to apply the insights gained to their respective fields. The event not only celebrated current achievements but also set a forward-looking agenda for future research and development.

16. Vote of Thanks

Dear Researchers, Academicians & Students,

As we draw to the close of this remarkable Global Summit on Nursing Science, Clinical Practice & Healthcare Innovation (G-SNCPH - 2025), it is our honor and privilege to extend a vote of thanks on behalf of the organizing committee. Today has been a day filled with insights, inspiration, and invaluable networking opportunities, and none of this would have been possible without the collective efforts of many individuals and organizations.

Firstly, we would like to express our deepest gratitude to our esteemed speakers. Your expertise, thoughtful presentations, and engaging discussions have been the highlight of this conference. You have not only enlightened us with new knowledge but have also inspired us to think critically and creatively about the challenges and opportunities in our field.

A special thanks to our dedicated organizing committee and volunteers. Your hard work behind the scenes, meticulous planning, and tireless efforts have ensured that everything ran smoothly. Your passion and dedication are truly commendable, and this event could not have happened without you. We are also grateful to our attendees. Your active participation, thoughtful questions, and enthusiastic engagement have added great value to this conference. It is your eagerness to learn and share that makes the events like this so rewarding and worthwhile.

We would like to acknowledge the venue staff for their excellent service and hospitality, providing us with a comfortable and conducive environment for our discussions and networking.

Finally, I want to thank everyone who has contributed, in big ways and small, to the success of this conference. Whether you were a speaker, sponsor, attendee, or volunteer, your involvement has been crucial.

As we conclude, let us take with us the knowledge we have gained, the connections we have made, and the inspiration to drive forward in our respective fields. We look forward to seeing you at future conferences and continuing these valuable conversations.
