Post Conference Report

8th ICFN – 2025, Contributed to Following SDGs

Foreword

Dear Participants,

It gives me great pleasure to share with you the outcomes and results of the 8th ICFN - 2025, with the theme of " Innovative Approaches to Global Nutrition and Sustainable Food Systems " which was held at Kuala Lumpur, Malaysia on 22nd & 23rd May, 2025. More than 300 people attended the event in person, and more than 500 people watched the live stream online. We were able to actively engage and reach out to a wider spectrum of research communities.

Mr. A. Siddth Kumar Chhajjer
MD & Founder, IFERP
Technoarete Group

The 8th ICFN - 2025, provided a vibrant platform that brings together scholars, educators, and researchers from a variety of disciplines. It is a hub for exchanging innovative research about Technology and Culinary Innovation, Global Food Security, Food Safety and Hygiene Practices, Traditional Medicine, Dietary Patterns and Health, Nutritional Diversity & Cultural Influences, Public Health Implications, Nutritional Genomics and Personalized Diets, Sustainable Food Production & Agricultural Innovation, Food Systems and Climate Change Resilience, Innovations in Food Processing and Packaging, Urban Agriculture and community-Based Food System, Alternative Proteins and Future Foods, Nutrition Education, Policy, and Advocacy that foster critical and creative thinking, mainly in the Food and Nutrition.

We are grateful for the support of many universities and research institutes, whose contributions were vital to the success of this conference. We extend our sincere gratitude and highest respect to the professors who played an important role in the review process, providing valuable feedback and suggestions to authors to improve their work. We also extend our appreciation to the external reviewers for providing additional support in the review process and to the authors for contributing their research results to the 8th ICFN - 2025.

1.1 Conference Overview

8th International Conference on Food and Nutrition - KL 2025, was the place where ideas collided and innovations take the spotlight for the contribution towards achieving Sustainable Development Goals! 8th International Conference on Food and Nutrition - KL 2025 had long been the meeting place for professionals, educators, researchers, policymakers, and industry professionals looking to network, share ideas, and grow in their respective fields. At this 8th ICFN – 2025 in Kuala Lumpur, Malaysia, academics, researchers, and educators were came together to share their groundbreaking research, and different views, and explore unique ideas from various fields.

Through collaboration, the conference explored intersections between various disciplines and created a dynamic environment to enhance educational discussions and explore diverse studies. This International Conference in Kuala Lumpur, Malaysia, was a part of shaping the future of global Food and Nutrition. They continued to inspire, transform, and shape education together. Their participation was more than just an RSVP; it is an important role in our community dedicated to academic success and positive change.

1.2 Conference Theme

The theme of the 8th ICFN - 2025 “ **Innovative Approaches to Global Nutrition and Sustainable Food Systems** “ was to provide a lively space where different academic areas come together. 8th ICFN - 2025 stands as a melting pot of ideas, where the boundaries between advances in Food and Nutrition disciplines blur, giving rise to innovative solutions that address global challenges. The conference embraces the multidisciplinary nature of educational excellence driving through digital transformation, recognizing that true breakthroughs often occur at the intersections of different fields.

This theme encapsulates the conference's focus on fostering innovation and collaboration across diverse disciplines within Food and Nutrition. It encourages participants to explore and present cutting-edge solutions that contribute to the sustainable development of industries, addressing challenges and advancing knowledge for a better future. The multidisciplinary perspective highlights the interconnectedness of various fields in creating holistic and impactful solutions.

1.3 Objectives & Scope of the Conference

The 8th ICFN – 2025 aims to bring together academics, researchers, industry professionals, and students from diverse fields to explore cutting-edge advancements and trends across Food and Nutrition

Key objectives include:

Foster Global Dialogue on Nutritional Science: Bring together international researchers, academicians, nutritionists, dietitians, food technologists, and public health professionals to discuss the latest advancements and emerging trends in food and nutritional sciences.

Promote Sustainable Food Systems: Address challenges and opportunities in achieving sustainable food production, food security, and climate-resilient nutrition interventions.

Bridge Research and Practice: Facilitate the exchange of evidence-based research findings with practical applications in public health nutrition, clinical nutrition, and food technology.

Highlight Innovations in Food Technology: Showcase cutting-edge innovations in food processing, biotechnology, functional foods, and nutraceuticals for better health and well-being.

Support Public Health Goals: Promote nutrition education, healthy eating behaviors, and community-based interventions aligned with global health priorities and the United Nations Sustainable Development Goals (SDGs).

Strengthen Collaboration and Networking: Provide a platform for forging academic, research, and industry partnerships to advance collaborative projects and international research initiatives.

8th ICFN – 2025 transcends traditional boundaries, providing a platform for comprehensive exploration across a multitude of disciplines. The conference encompasses a wide scope that includes, but is not limited to:

Nutritional Biochemistry & Metabolism : Advances in nutrient metabolism, micronutrient research, and molecular nutrition.

Clinical and Therapeutic Nutrition : Diet-based management of non-communicable diseases, obesity, diabetes, cardiovascular health, and gut health.

Public Health and Community Nutrition : Strategies to combat malnutrition, food insecurity, and public health nutrition programs.

Food Science & Technology : Innovations in food processing, preservation, packaging, and safety standards.

Functional Foods and Nutraceuticals : Research and development in bioactive compounds, fortified foods, and dietary supplements.

Sustainable Agriculture and Food Systems : Sustainable farming practices, food waste management, and environmental impacts of food production.

Nutrition Policy and Global Health : Nutrition-sensitive interventions, policy frameworks, and global initiatives for improved dietary outcomes.

Emerging Trends and Future Directions : AI in nutrition planning, personalized nutrition, plant-based diets, and food innovation for the future.

3. Welcoming & Introduction

Welcome to the 8th ICFN – 2025, where we gather the brightest minds and the most innovative ideas to inspire, educate, and connect. Before we dive into today's agenda, let's take a moment to appreciate the vibrant atmosphere here at Kuala Lumpur, Malaysia. This location has been thoughtfully chosen to provide an inspiring environment for our discussions and networking. The theme of the 8th ICFN – 2025 is “ Innovative Approaches to Global Nutrition and Sustainable Food Systems “.

Our objective is to explore new technologies in Food and Nutrition. Over the next two days, we have a packed schedule with four sessions, two workshops, one panel discussion, one debate and ten keynote presentations from industry leaders and experts. This conference would not be possible without the hard work and dedication of many individuals. We would like to extend a special thank you to our conference managers, and organizing committee members.

20. Valedictory Function

20.1 Conference - Conclusion Summary

The 8th International Conference on Food and Nutrition - KL 2025, held on 22nd & 23rd May, 2025, at Kuala Lumpur, Malaysia organized by Appediet, Mahakaushal University, Center of Marine Ecology and Biomonitoring for Sustainable Aquaculture (Ce-MEBSA) Diponegoro University, Indonesia, SEGi University & Colleges, Malaysia and IFERP Life Sciences brought together a diverse group of experts, practitioners, and enthusiasts from various fields. The central

theme of the conference was " Innovative Approaches to Global Nutrition and Sustainable Food Systems " and it successfully fostered a collaborative environment for sharing knowledge, insights, and advancements to achieve SDGs.

Key Highlights:

The conference commenced with an inspiring Special Guest of Speech by Mr. Siddth Kumar Chhajer, MD & Founder, Technoarete Group, who emphasized the importance of multidisciplinary conferences, collaboration and innovation, QS University World Rankings and Times Higher Education (THE) University World Rankings. Keynote Speakers highlighted the recent breakthroughs and the potential for future developments in Food and Nutrition.

Research Presentations:

Over 292 research papers were presented, covering a wide range of topics. These presentations showcased cutting-edge research and fostered lively discussions.

Networking Opportunities:

The conference facilitated numerous networking events, allowing attendees to connect with peers, potential collaborators, and industry leaders. The virtual and in-person networking sessions were particularly well-received, enhancing professional relationships and sparking new partnerships.

Achievements and Outcomes:

- Several new collaborative initiatives were announced, aiming to address global challenges. These initiatives will leverage the collective expertise and resources of participating organizations.
- Publication of Proceedings including the conference proceedings, including research papers and keynote addresses, will be published. Future Conferences: Plans for the next conference were discussed, with suggestions for topics and formats that could further enhance engagement and impact.

Closing Remarks:

In the closing session, IFERP Academy expressed its gratitude to all the participants, academic partners, sponsors, and organizers. IFERP Academy highlighted the conference's success in achieving its objectives and underscored the importance of continued collaboration and innovation. Attendees left with a sense of accomplishment and a renewed commitment to advancing in their fields.

The conference concluded on a high note, with participants energized and motivated to apply the insights gained to their respective fields. The event not only celebrated current achievements but also set a forward-looking agenda for future research and development.

21. Vote of Thanks

Dear Researchers, Academicians & Students,

As we draw to the close of this remarkable 8th International Conference on Food and Nutrition - KL 2025, it is our honor and privilege to extend a vote of thanks on behalf of the organizing committee. Today has been a day filled with insights, inspiration, and invaluable networking opportunities, and none of this would have been possible without the collective efforts of many individuals and organizations.

Firstly, we would like to express our deepest gratitude to our esteemed speakers. Your expertise, thoughtful presentations, and engaging discussions have been the highlight of this conference. You have not only enlightened us with new knowledge but have also inspired us to think critically and creatively about the challenges and opportunities in our field.

A special thanks to our dedicated organizing committee and volunteers. Your hard work behind the scenes, meticulous planning, and tireless efforts have ensured that everything ran smoothly. Your passion and dedication are truly commendable, and this event could not have happened without you. We are also grateful to our attendees. Your active participation, thoughtful questions, and enthusiastic engagement have added great value to this conference. It is your eagerness to learn and share that makes the events like this so rewarding and worthwhile.

We would like to acknowledge the venue staff for their excellent service and hospitality, providing us with a comfortable and conducive environment for our discussions and networking.

Finally, I want to thank everyone who has contributed, in big ways and small, to the success of this conference. Whether you were a speaker, sponsor, attendee, or volunteer, your involvement has been crucial.

As we conclude, let us take with us the knowledge we have gained, the connections we have made, and the inspiration to drive forward in our respective fields. We look forward to seeing you at future conferences and continuing these valuable conversations.
